

## Opportunities for involvement

At PHA we involve our residents in the operation and development of the association. Involvement falls into three categories: improving our services, enhancing accountability to our customers and helping to develop local communities and neighbourhoods.

We understand that not everybody has the time or wants to be involved in the work of the association. Most people, however, have views on how the association is run and our role in the community. Listening and talking to residents helps us to be better at what we do and together we can achieve new goals.

### [Community investment scheme](#)

Funding is available for residents' associations and community groups, and individuals. Find out more about our community investment scheme.

### [Peninsula Tenants Committee](#)

Influencing policy

### [Open Door](#)

The magazine produced by residents and staff of Penwith Housing Association (PHA) and Devon & Cornwall Housing, for all our Cornwall residents.

### [The Treneere Together Partnership](#)

How Treneere has developed into a better and peaceful neighbourhood

### [Training and support](#)

Learning new skills

### [Shareholding membership](#)
